

## 2. 2D Vanitas Painting

Name: \_\_\_\_\_

	Advanced	Proficient	Basic	Below Basic
The objects (min of 4) used are symbolic reflecting what you learned about Vanitas paintings. This is written down in SB.				
The composition is dynamic by having objects in the foreground, midground and background along w/not too much empty space <b>and</b> cast shadows				
The objects are painted realistically with a light source and value changes				
Colors have been used effectively by layering and mixing to achieve new colors and changing the intensity and values. Black has not been used but has been made by overlapping/mixing colors				

**Final Score=** \_\_\_\_\_

**1. 2D Practice Painting**

**Name:** \_\_\_\_\_

	Advanced	Proficient	Basic	Below Basic
The objects are clearly defined and are proportional to each other in the space				
Colors have been mixed to create new colors. Instead of using black, dark colors have been made by overlapping colors				
The values in the painting reflect the values portrayed in the thumbnail drawing or photo				
Paint is being used effectively by colors and values smoothly fading/blending together. There are no harsh division lines where a new color or value shows up.
